

ATTRACTIONS:

1. Multifunctional sports and recreation ground.

A place for playing volleyball, football and doing other sports. The basketball court has a FIBA (International Basketball Federation) certified flooring. Dārziņu iela, near the bus terminus.

2. Dārziņi Forest Trail.

The Dārziņi Forest has a walking trail with elements for exercise and play, as well as benches for rest. The trail is divided into three sections, with three different obstacle and net areas. The initial stage is intended for younger children and the final stage for older children. It is also landscaped with benches, various objects for sports activities, as well as decorative elements made of natural materials. Dārziņu iela 172, Riga, LV-1063

3. Dārziņi Pedestrian Overpass.

The bridge connects the Dārziņi area with the Zirņi Peninsula (formerly - Zirņi Island), which is a popular place for walks and recreation. It crosses the Dārziņi distributary, a branch of the Daugava, which creates a scenic view. A small waterfall has developed under the bridge and benches have been installed by the water. Opposite Daugavmalas iela 95, Riga, LV-1063

4. Vladimirs Kudojars Park.

The park was gradually created by Vladimirs Kudojars, a resident of the Dārziņi neighbourhood, who landscaped his allotment and the surrounding area at his own expense. The park offers a walk around the landscaped pond and displays various masonry and natural objects, and it also has a children's playground and a sports ground. Entrance from the intersection of Jāņogu iela and Dārziņu 7 līnija, Riga, LV-1063

5. Daugavmala Beach.

The beach is equipped with sunbathing areas and a changing cubicle. Since there is no direct access by car, it is a peaceful and natural environment. Daugavmalas iela 123, Riga, LV-1063.
